Internship/Training

Java Full Stack

Jan 2024 - Feb 2024

Cipher School

- **Language Learned - Java , JavaScript**
- **Learning Outcomes :-**
- Proficiency in Java Programming, including object-oriented programming principles.
- Learned different Frontend Technologies.
- Develop essential soft skills such as effective communication, teamwork, and problem-solving abilities that are vital for collaborating in diverse work environments.
- Engage in hands-on projects that simulate real-world scenarios, enhancing your ability to develop complete full-stack applications from scratch.
- Understanding of Software Development Methodologies and Best Practices.

Projects

Movie Box Domain: Web Application | Programming Language: React.js

June 2024 - July 2024

- Developed a React JS-based web application, emulating Netflix, leveraging the TMDB API for dynamic movie details and implementing React-router-dom for seamless page acquired proficiency in React JS by successfully developing a Netflix clone.
- Demonstrating skills in API integration (TMDB API) for fetching movie details, and mastering page navigation through React-router- dom

Online Shopping Website Domain : Web Application | Programming Language: Java

Jan 2024 - Feb 2024

- Led a team in developing a fully functional online shopping website, from initial concept to deployment.
- Successfully implemented key features including user authentication, product catalog, shopping cart, and checkout process.
- Collaborated with team members to meet project deadlines and deliver high-quality code.

Sales Record Data Analysis:

Oct 2023 - Nov 2023

- Create an interactive sales dashboard utilizing Pivot Tables and Charts to analyze data by country, identify top subscribed channels, explore population metrics, examine revenue trends, and assess market share.
- Drawn 5 objective that analyse the data based upon country, Most suscribed channels, Population etc.
- Enhanced knowledge in leveraging dataset information to draw insights related to population dynamics and their impact on sales.

Certificates

Data Structure And Algorithm - Self-Paced (C++) by GFG

June-July'2023

Theory of computation(automata) – Coursera

Sep 2023

Java Full Stack – CipherSchools

Jan-Feb 2024

Foundations of Digital Marketing and E-commerce - Coursera(Instructor: Google Career)

Feb'2024

Extract, Transform and Load Data in Power BI - Coursera(Instructor: Microsoft)

Feb'2024

Technical Skills

Languages C++, Java

Technologies/Frameworks: MS Excel, React JS, GitHub, MS project

Skills: Data Structures and Algorithms, Problem-Solving, Responsive Web Design

Education

Lovely Professional University Punjab

2021 – 2025

Computer Science and Engineering — CGPA: 7.47

Jalandhar, Punjab

Raja Ram Shah College

2019 – 2021

12th with Science — Percentage: 66%

Raxaul, Bihar

Cambridge Public School

2018 – 2019

10th with Science —Percentage: 81%

Raxaul, Bihar
